

#### About NIS America

NIS America is a subsidiary of Nippon Ichi Software, Inc., a Japanese company famous for its unique line of strategy RPGs including titles such as Disgaea, Phantom Brave, and Makai Kingdom.

In 2003, NIS America was established in Southern California to publish exciting and innovative game titles for North America.

NIS America's team members devote themselves to the fans. Our respect for our fans is at the heart of everything we do. As a growing strategy RPG publisher in the U.S., we are committed to continuous improvement and dedication.

#### About Nicalis, Inc.

Founded in 2007, Nicalis is development company based in Southern California. As an independent developer and digital publisher, Nicalis, Inc. is known for a collaborations and a collection of well-polished games such as Cave Story, NightSky and, soon, NIGORO's La-Mulana.

Nicalis, Inc. is committed to developing wildly creative and endlessly entertaining games and is an approved developer for all major platforms. Currently, Nicalis is licensed to develop on PlayStation Portable, 3DS, Wii, DSi and Apple mobile devices with products in development for all of the above.

# NIS AMERICA TEAMS UP WITH NICALIS TO BRING CAVE STORY 3D!

Santa Ana, CA – NIS America announced today that they are working together with Nicalis, Inc. to develop an all new action game, Cave Story 3D for the Nintendo 3DS™.

"I feel great possibilities working with Nicalis. They're both skilled and dedicated with making no compromises. I think fans of the original Cave Story will be pleased with this latest incarnation." said NIS America Producer Jack Niida. "Also through this partnership, we would like to bring new life to the legendary game and make it accessible to a new range of audiences."

Since its foundation in 2003, NIS America has operated under the philosophy of "entertainment for all," and brought games that satisfy its many customers. NIS America introduced its first video game Phantom Brave in 2004, and since then have been constantly releasing multiple video games and anime. Now the company plans to introduce its first 3D title in 2011.

#### About Cave Story 3D

Cave Story 3D is a side scrolling action adventure game inspired by the fan-favorite 2D original. Now in a full 3D world, Cave Story takes the proven 2D action, exploration into stereoscopic awesomeness. You wake up in a cave with no idea who you are or where you came from, but you know you must help a cute race of rabbit-like creatures beat the crap out of some crusty old doctor.

As you advance through the game, you'll learn the origin of the Mimiga world and even your own. Like the critically acclaimed Pixel masterpiece, Cave Story 3D is a combination of high-speed shooting action scenes with heavy emphasis on platforming, exploration, light puzzle solving as well as a deep storyline.
