

4 EXCITING TITLES COMING TO THE EUROPEAN PLAYSTATION NETWORK!

Santa Ana, Calif. – NIS America proudly announces [Disgaea Infinite](#), [Cladun: This is an RPG!](#), and [Z.H.P. Unlosing Ranger VS. Darkdeath Evilman](#), will be available in November exclusively for the PlayStation®Network in Europe. Fan favorite character, Prinny, also appears in Europe with [Prinny 2: Dawn of Operation Panties, Dood!](#), exclusively for the PlayStation®Network in December!

About Cladun: This is an RPG! (Mid- November, 2010)

Classic Dungeon is a retro-style dungeon crawler. Players can create their own main character from scratch using a pixel editor and the dungeons are randomly generated for an infinite number of adventures and replay value. You can even explore dungeons with friends, using the PSP's ad-hoc feature.

About Disgaea® Infinite (Mid- November, 2010)

In Disgaea Infinite, players use “time traveling” and “possession” to solve mysteries. The game begins as a Prinny travels back in time to find the culprit of Laharl’s assassination. Possess other characters to gather info and clues. By possessing, you can read characters’ minds and use them as transportation. Some characters may think the complete opposite of what they say. By possessing different characters, the true culprit gradually comes to light.

About Z.H.P.: Unlosing Ranger VS. Darkdeath Evilman (November 3, 2010)

Known as Zettai Hero Keikaku in Japan, Z.H.P. is the only turn-based strategy RPG that allows you to create the one and only super hero able to defeat the final boss(?). Players can create a super hero literally from head to toe. If you wish to use drills instead of hands, or wheels instead of legs, you can do so by simply swapping out body parts. Battle maps are all randomly generated for enhanced replay value and there are tons of characters and secret base customization options. Z.H.P. gives you the chance to make your childhood fantasy about making your own superhero and superhero hideout come true.

About Prinny 2: Dawn of Operation Panties, Dood! (December, 2010)

Prinny 2 is a side-scrolling hack-and-slash action game. Players will control demonic penguins, Prinnies, known as the “weakest monsters in the Netherworld.” Players can run, jump, slash, execute special skills, and ride tanks or jets to battle enemies. The Prinnies’ mission is to find Demon Lord Etna’s stolen panties! If they fail... Etna promises to turn THEM into panties! As an extra bonus, a whole new main character and story becomes available after completing the main game.

About NIS America

NIS America is a subsidiary of Nippon Ichi Software, Inc., a Japanese company famous for its unique line of strategy RPGs including titles such as Disgaea, Phantom Brave, and Makai Kingdom.

In 2003, NIS America was established in Southern California to publish exciting and innovative game titles for North America.

NIS America’s team members devote themselves to the fans. Our respect for our fans is at the heart of everything we do. As a growing strategy RPG publisher in the U.S., we are committed to continuous improvement and dedication.
