

GENERATION OF CHAOS: PANDORA'S REFLECTION COMES EXCLUSIVELY TO PLAYSTATION NETWORK IN FEBRUARY 2013!

Santa Ana, Calif. (September 21, 2012) – NIS America is happy to announce the upcoming release of Idea Factory's strategy RPG, *Generation of Chaos™: Pandora's Reflection* exclusively on PlayStation® Portable (PSP) through PlayStation® Network (PSN) in both the North American and European market. The game features an active-time battle system, in which players can move and position their units in real-time across sweeping battlefields—you'll need a quick mind and a steady hand to succeed! For anyone who enjoys a sprawling, satisfying story and challenging yet rewarding strategic gameplay, get your PSPs ready and head to the PSN Store in February 2013.

About the game:

Dark clouds blanket the withered skies and block out the sun; cracked earth and choking fog rule the land. This colorless world, showing no signs of life, is known as Hades. The barren land is blasted by chilling winds that cut to the bone... This is where we meet our heroes—Yuri, a young girl cursed with a disease draining her life away; and Claude, her protective older brother who will stop at nothing to save her. As they travel in search of a cure, they find themselves embroiled in a conflict that will determine the fate of the world and, just maybe, the fate of the siblings. They'll lose old friends, meet new friends, and travel on a path that will lead them to the very doorstep of destiny...

Features:

Active-time battle system: Players will face the enemy with timing based attacks, and the better you do, the more damage you'll unleash!

Engaging human drama: Struggles, suffering, betrayal, forgiveness, romance... Follow the story of a band of travelers looking for peace and salvation; with multiple endings, the fate of the world is literally in your hands!

Upgrade system: Gain Alchemy Points by defeating enemies and breaking down gear, then use those points to power up your weapons and characters!

Battlefield control: Deploy troops, exploit terrain, occupy key locations, set up ranged weaponry, destroy enemy bases, and even summon massive, screen-rattling creatures all on your way to victory!
