About Aedis Eclipse ~Generation of Chaos™~

The world of Aedis Eclipse is divided into three worlds, the divine, upper, and lower. Each world has their own main character and story; therefore, players can experience three different stories at once. Depending on which world the player begins with, the difficulty level will differ. The lower world is regarded as the beginner's stage with many tutorials to guide the player through the game. The higher the world you choose to play with, the more difficult it becomes.

Story

DIVINE WORLD: In a world where angels and demons lived together in peace, tragedy strikes as the king of demons is assassinated by a radical group of angels. Now, a war has broken out between the two factions and you must stop them from destroying the world.

UPPER WORLD: A young knight has arrived in a kingdom ruled by a ruthless ruler. His fellow comrades have been captured by the royal army and you must rescue them before it is too late.

LOWER WORLD: Another boring day of school is suddenly interrupted by a surprise bombardment. While most students flee for safety, you decide to watch the battle. In a bizarre turn of events, you are dragged into the bloody warfare.
