

## Black Rock Shooter The Game Hits PSN This Month!

Santa Ana, Calif. (April 5, 2013) – NIS America is excited to announce that the highly anticipated Japanese RPG title for PlayStation®Portable, *Black Rock Shooter The Game*, will be hitting PlayStation®Network later this month. The US version will be available on April 23, with the EU version\* following the next day, April 24. *Black Rock Shooter The Game* is widely recognized for its appealing character designs from renowned artist Huke, and later on given voice by the ever popular Miku Hatsune. What began as a single character design has now evolved into an explosive PlayStation®Portable title!

### About Black Rock Shooter The Game:

2032 AD—Earth has been ruthlessly assaulted by extraterrestrials, and nineteen years of nonstop battle now threatens the very existence of humanity. The last hope for human survival is BRS, a heroine created solely to save planet Earth; she is the ultimate battle android. But when she is awakened to end the battle once and for all, there are only twelve human beings left on Earth...

### Key features:

**The World:** Explore ghostly city ruins, bizarre alien structures, and more as you travel through illustrator Huke’s vision of a devastated future Earth!

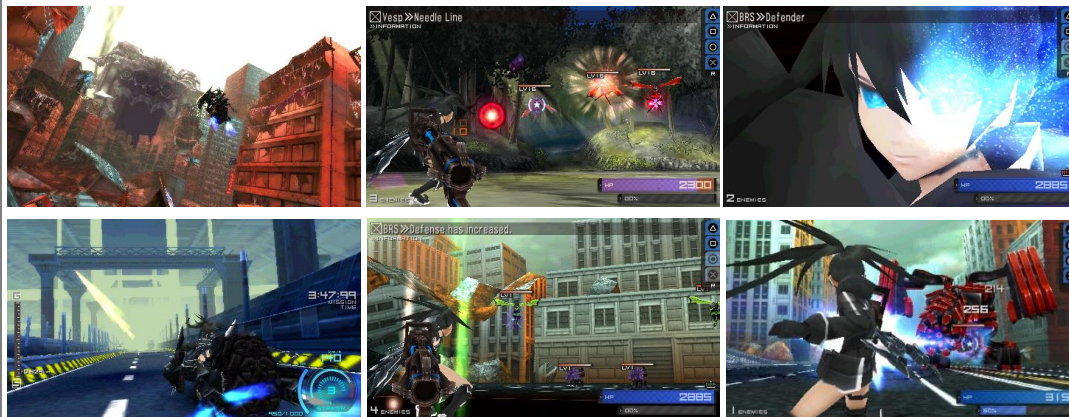

**The Enemy:** Engage in lightning-fast battles where your choices and reflexes are the only thing standing between you and total annihilation!

**The Girl:** Level up BRS to equip her with a bevy of attacks and skills to make full use of her superhuman abilities and gigantic cyber-cannon!

**The Last Hope:** Complete a variety of missions for the last remaining humans to unlock new guns, costumes, challenges, and more!
